News for friends and supporters
of Parmly Billings Library

Welcome to the Parmly Billings Library Foundation's "Footnotes" newsletter. Each quarter, we will keep you informed of all the exciting news about your new Library building progress. It is our goal to keep you current on the construction project that you made happen!

We have some great news and want to share it with you first!

Demolition of the Underriner Dealership is scheduled to begin on March 19th. This will be an exciting time for the library and a bittersweet day for the Underriner and the Selover families. We are deeply grateful for their support in this campaign and from the ashes of their site our new Library will stand. We would also like to thank the Billings Clinic, Stockman Bank and the City of Billings for their efforts in making this land exchange possible.

Thanks to your tremendous support, we are moving very quickly on the site preparation. Below is a tentative calendar of upcoming happenings:

March 16: Trenching for cable relocation will begin

March 19: Underriner Dealership Demolition

Late-April: Excavation on the lot to remove all the clay in preparation for construction

Street lane closures on 6th Ave and 29th St will be associated with these projects

The **"official" groundbreaking is set for late-June**. Please plan to attend and celebrate your legacy with this landmark. Details to follow soon...

We encourage you to ride your bike, take the bus or jog over to see your new library construction project. Parking will be at a premium while we transition into our new, beautiful building but please don't let that deter you from being part of this thrilling community event.

For more information, please go to the Foundation's website at www.billingslibraryfoundation.org

Thank you again for helping make your library, the cornerstone of our community, a reality!

Sincerely,
Leslie Modrow
Development Director
Parmly Billings Library Foundation
